Dear Parent/Carer,

RE: Information and learning resources during the school closure

To support and encourage your child's continued learning while the school is closed for this period, please refer to our suggested activities and websites in the links below.

We would encourage children to cover a range of topics as detailed over the course of each day the school is closed.

As well as this, we will be updating J2e.com with weekly activities for your children to enhance their online learning. Attached to this letter there is a guide of how to use J2e. If your child does not have a log in, please phone the school between 9am and 3pm and we will get this for your child as soon as possible.

Please ensure to check the Tollgate website regularly for more updates, information and learning activities.

Many thanks for your support and co-operation during this challenging time.

Yours sincerely,

Emma O'Connor

Headteacher
